KIDNEY TEA

KIDNEY TEA has done my wife  
a great deal of good. It has  
been a great blessing to us all.

SAMUEL COLE

I am in distressing to the remedial  
agents of the KIDNEY TEA, and after using it  
have been relieved of all my trouble.  
I have been troubled with disease  
of the kidney for a long time, and  
nothing else has been of any service  
to me. I have had a great relief  
from the KIDNEY TEA.

## WASHINGTON.

The House Passes a Bill Affecting  
National Banks.

THE FITZ JOHN PORTER BILL

The House Committee on Lands will Advise For  
Sale of a Part of the Northern Pacific  
Grati-Governmental Notes

HOU

WABASH CITY Feb 1—Reed, of Maine, offered  
a bill to prohibit the sale of land grants to  
any bank or trust company until after the  
land is sold or until a sufficient amount of  
the proceeds of the sale is deposited in the  
treasury of the state, or until the amount  
exceeding 20 acres in any one case, is paid  
into the land office. An amendment was incorpo-  
rated into the bill by the government, which  
limits the right to sell to 50 persons.

## THE NORTHERN PACIFIC GRATI.

The House Committee on Lands Decides on a For  
future Report.WASHINGTON, Feb 1—The house committee on  
lands will decide on a part of the northern pacific  
grati—land grant as to all lands being up-  
to-day that were not used, which was incorporated  
into the bill, and the bill was introduced into  
the house. The bill provides that the land be  
used in the operation of the grati, at the right  
of the state, or until the amount of the pro-  
ceeds of the sale of the land is deposited in the  
treasury of the state, or until the amount  
exceeding 20 acres in any one case, is paid  
into the land office. An amendment was incorpo-  
rated into the bill by the government, which  
limits the right to sell to 50 persons.

TRENTON, N. J.

NEWS OF THE NORTHWEST.  
OREGON

At Highland, Monday, February 8 John H. Parker, teacher and a Scotman by birth, has been found dead.

Lived in Eugene City on Wednesday evening, February 8, 1885, Celina F. wife of Thos M. Huntington, aged about 37 years. The deceased was a daughter of L. Newell.

He had been away some time ago camping at Mr. Huntington's house, near Milton, and asked to stay all night, and who during the night acted like a maniac and tried to exterminate the whole Huntington family, was arrested with a pistol while in court he acted like a crazy man. Every now and then he rose to make a speech and explain his conduct on that fatal night, when he was brought into the courtroom, however, he was silent, but when he was asked if he had been drunk he swore and refused to answer, so he had to sit down and keep quiet.

## WASHINGTON.

A young man named Kuhn attempted to fire a hand gun loaded with buckshot at Walla Walla the other day.

A Walla Walla game dealer named Krause is under arrest for having dead prairie chickens in his possession. The season expired January 1.

For Townsend Argus. The revenue cutter "Cutter" has been sent to the coast to intercept the "Terror," a steamer which is expected to transport the two companies stationed here to Seattle. The troops at the military post were ordered by Gen. Gilpin to shoot themselves in readiness, but no definite orders have as yet been received.

## MONTANA.

From Helena Herald.

Batts shipped \$6,000 in bullion east last Friday. Helena bank shipments for the same period are as follows:

Batts is heavily affected by the fire and property valued at \$34,000 has been destroyed there since last Friday, February 5.

**Inter-Mountain.** The sale of the Poor Peasant company is being considered to meet the considerable loss of \$10,000 of that rate for the interest the company buys. It is situated on the great Rainbow eads, just off the Valdosta, and is considered very valuable.

**Political and Mining Record.** The Granite Mountain company will have already received their fifteenth dividend (since April, 1885) in cash or payable on the 3d of February, and will be entitled to receive \$100,000 of that rate for the interest the company buys.

W. H. Williams and Peter Sanderson have secured a lease from the Northern Pacific company of its coal lands between Livingstone and Timberville, and are engaged on opening up a new coal vein on the Wallowa mountains.

When they get properly under way they expect to take out fully 100 tons of coal per day, and be employing the local trade with fuel will favor the Northern Pacific company with such quantity as there may be demand for.

## BRITISH COLUMBIA.

A wreck took place, consisting of an engine and two cars, returning to Yale from Lytton Monday evening. The P. S. went through a bridge and the engine was washed away. The bridge had supported the foundation of the bridge had been loosened by the late heavy rains. The engine driver, James Tyler, was seriously hurt.

## THE REGISTER AUT.

Salem, Feb. 11.—The Register of the Oregonian is now officially stated in the Oregonian's for days ago that the registration act will cost the county of Jackson \$10,000 to \$12,000. Our Marion county judge informs me that it will cost our county \$12,000 to \$15,000. As there are twenty-five counties in the state, at an average of \$12,000 to a county, it seems that the state of Oregon is going to an expense of \$150,000 to register its voters, and it is well to take care that it is not necessary to do so. For those who are not in a position to pay the amount in the election will contest the result if there is any hope left to do so, and a special election to correct our mistake would be a more serious matter than a special session to correct the mistake.

Having waited until the last moment, before any one of our legal luminary would enlighten the subject, I venture, in view of the importance of the subject, to make a few simple proposals and independent of the law.

## PROPOSITIONS.

The laws of the state are found in the statute book, published by authority and certified by the secretary of state and the great seal—do not in the intentions of individual law makers, or in the journals of the two houses, or in newspaper correspondence. Statutes are to be construed strictly.

Following is a comparative statement of differences from English farmers imports into the United Kingdom and quantities allowed for the wheat, oats, barley, etc., as follows:

CHICAGO LIVE STOCK MARKET.

CHICAGO, Feb. 11.—Cattle—Receiv'd 1,409
